

ART STARS - WEEK 1

OBSERVATIONAL, STILL LIFE DRAWING

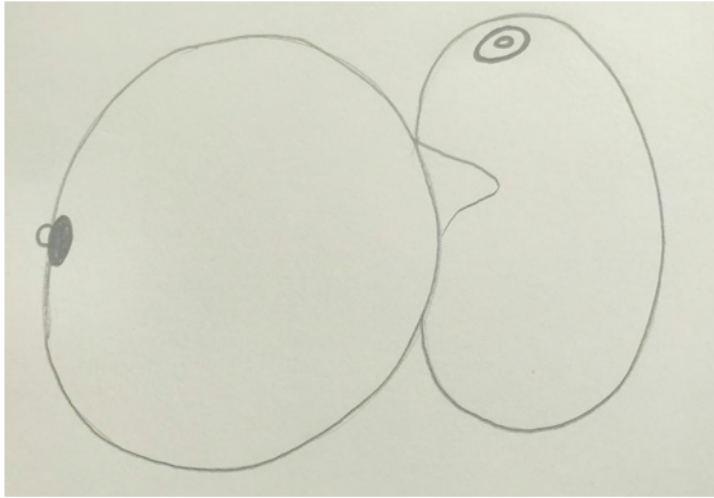

(LEMON AND KIWI)

STEP 1

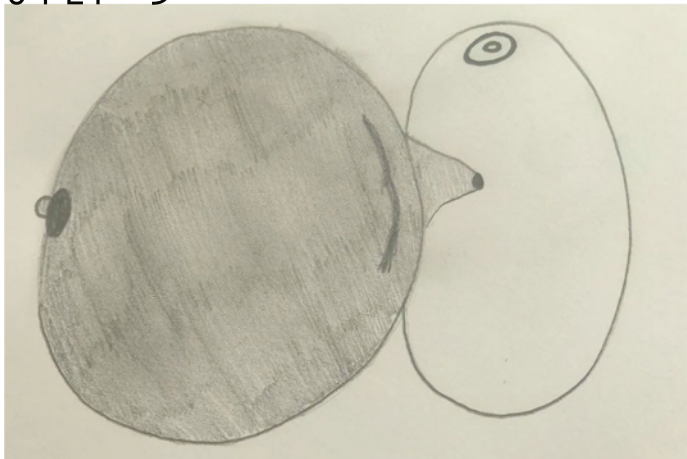

Draw a large circle (lemon) and long oval (kiwi) side-by-side

STEP 2

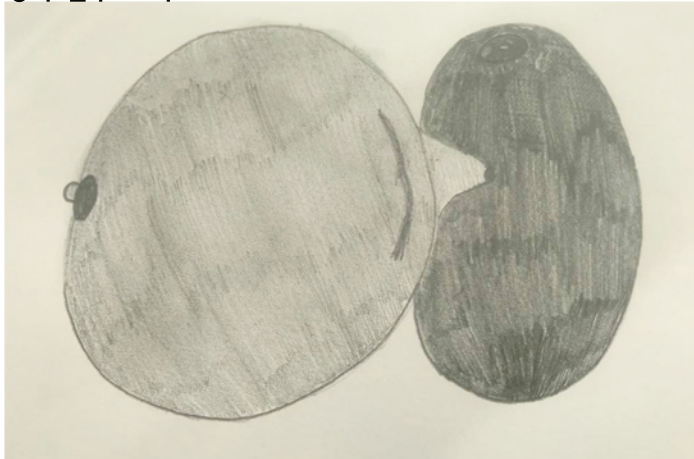

Add stem detailing and a long curve at the front of your lemon

STEP 3

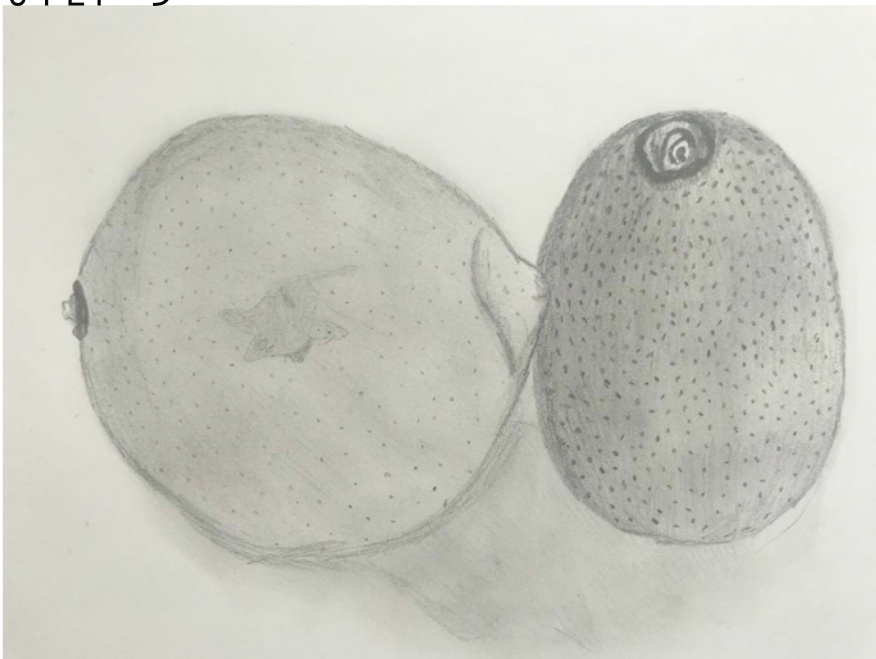

Shade in your lemon using a light pencil line

STEP 4

Shade in your kiwi using a medium pencil line

STEP 5

Add lots of small dots to your lemon to show the texture/dimpling on its peel and small, slightly darker lines on your kiwi to show the small hairs on its skin and finally add a shadow underneath.

FINALLY...

Make your own still life composition using three or more objects of fruit and/or vegetables (you could try drawing them in a fruit bowl if you want a challenge).

TIP...

Remember to draw lightly in pencil when drawing and look at (observe) your objects as much as you look at your drawing.
